Contestants who have scored below the cut-off score will be provided with Appreciation Certificates; they cannot progress to Level 3.

Results of this exam will be released in our website and sent to the School within 20 working days after the exam.

TIE ROUND

This additional test paper will help us to find the rank holders, i.e. award winners!

Though every state level contestant writes this paper, not all the papers will be evaluated. Only if the contestant has scored topmost marks, his/her tie paper will be evaluated to find the Toppers and break the tie (if any). Please note that the marks obtained from tie round will NOT be added for all the students.

The results of TOPPERS and WINNERS will be announced in our website only after the completion of all the phases of Regional/State level exams and paper evaluation.
